

2018 Leadership Rescue Workshop REGISTRATION FORM

March 16 - 18 Bimini, Bahamas

This training is OPEN TO ANY CERTIFIED DIVE LEADER (Instructor, Assistant Instructor, Divemaster). NAUI membership is NOT required.

Team Lifeguard Systems (LGS) is the most recognized authority worldwide in diving rescue and public safety diver training and education. LGS is owned and managed by NAUI Course Directors Butch Hendrick (NAUI #1724) and Andres Zaferes (NAUI #10533).

Most dive leaders never receive any rescue training beyond the basic skills taught in their basic diver rescue course. Instructors, professional rescue personnel, divemasters, assistant instructors, and dive guides need leadership-level rescue skills and here is a unique opportunity to gain them. Challenge yourself and learn with the famous Lifeguard Systems dynamic, live-action, hands-on scenarios. Learn valuable procedures to manage operations from an out-of-air diver bolting to the surface, to major boat hit incidents with serious in-water trauma. Perform realistic in-water ventilation with drowning mannequins, stop bleeding trauma, perform a surface tank power swim, learn a professional field neurological exam for gas bubble injuries, safely extricate unconscious or injured divers onto boats, perform basic life support on moving boats in rough seas, learn how to set-up your gear for accident prevention and management, and much more. Most importantly, you will discover what commonly taught rescue procedures work better in books than in the real world, and you will learn what really works and why.

By the end of this workshop, you will have the knowledge and skills to become a competent rescue leader. This program is for dive leaders, experienced divers, and professional rescue personnel, including fire & rescue unit, police, military, coast guard, fisheries and city enforcement personnel.

The workshop is **open to any certified dive leader**. The cost is **\$895 per person, based on double occupancy**. This fee includes four nights at the Bimini Big Game Club, unlimited shore diving and tank rentals, three full days of leadership rescue training, certificate of completion and certification card. The \$895 fee **does NOT include** airfare, transportation, hotel tax (20.1%), departure tax (\$15 per person), meals or gratuities. **Be sure to confirm passport validity and requirements.**

ALL FEES ARE PER PERSON, PAYABLE IN U.S. DOLLARS AND ARE NON-REFUNDABLE
